sculptor

do you do you do you do you
really love me
or do you
just want to
sculpt a perfect me

i've been lying to me so then i lie to you
it's a breakthrough thanks to you

i told you that i wouldn't smoke
look at what i go and do
you are so goddamn patient
i am so thankful for you

you can't trust me i understand
but i wouldn't lie about love
i only lie to protect my
addiction

feeling like i have to be perfect
to win your love
feeling like all the progress i made is for nothing
for nothing

but it wasn't for nothing for nothing for nothing oh
i'm doing much better for me

(no me quedo sin nada)

i told you that i wouldn't smoke
look at what i go and do
you are so goddamn patient
i am so thankful for you

i told you that i wouldn't smoke
look at what i go and do
you are so goddamn patient
i am so thankful for you

i am so thankful for you
you can be my sculptor

coming clean

we were out in the rain
at first i yelled to be heard over the train

then i yelled at you because the pain

but we're not yellers anymore
i've got so much to maintain
and so much more to gain
from you from you i'm in my room now

hoping rainwater is all that falls down the drain
hoping rainwater is all that falls down the drain
and i know i'll never erase all the stains
hoping rainwater is all that falls down the drain

i was terrified of writing the song
that says that i couldn't be good enough for us
but here i am having learned how to take care
of me and you

hoping rainwater is all that falls down the drain
hoping rainwater is all that falls down the drain
and i know i'll never erase all the stains
hoping rainwater is all that falls down the drain

that was a pretty long year now
i know i can hold you near now
you thought i would never be enough
i knew you were being too tough (and i)
im learning how to be kind

hoping rainwater is all that falls down the drain
hoping rainwater is all that falls down the drain
and i know i'll never erase all the stains
hoping rainwater is all that falls down the drain

accountability

weightlessness is so damn heavy
i miss playing out of tune pianos
with the notes written on the keys
now i'm bringing my love down
every single day

i blamed it on my urges
i blamed it on my hunger
i blamed it on my urges (blamed it on)
and now i see that they're just me

waking up my stomach's empty
i'm taking everything personally
won't eat 'cause i'm feeling heavy
and i'm making everything about me

i blamed it on my urges

(all these thoughts that came before you)
i blamed it on my urges
i blamed it on my hunger
i blamed it on my urges (blamed it on)
i blamed it on my hunger
i blamed it on my urges (blamed it on)
and now i see that they're just me
